

Elevate Your Living

## About Us

Harrof is a sliding system solutions company that strives to look beyond the ordinary and provide solutions through efficient technology. We at Harrof, specialise in providing sleek and exclusive sliding systems through our expertise in hardware and design. With a quick three-step process and installation, we provide sliding systems that can be used in a variety of spaces like wardrobes, living spaces, dining rooms, room partitions, showrooms and more.

Harrof also provides LED sensor lights, our top-notch system that presents a truly futuristic experience. Our high-quality materials are imported from developed countries and our products are assembled right here in our production unit. We continue to...

Elevate Your Living

## 100% Customizable Design

## Sliding Door Wardrobes

Sliding doors are perfect for those who prefer ease and convenience. The sleek, elegant design showcases aesthetic, functionality and accessibility all at once. Harrof has both single and double door sliding systems which are perfect for walk-in wardrobes and full-length closets. We use top line, sideline and profile sliders according to your choice of wardrobe.

## Slide & Fold

With opulent designs and unparalleled quality, our slide and fold system helps make the most of all spaces whether they be large or compact. It is extremely smooth and silent, ensuring ease of action. Available in double sliding and 4-panel configuration. Suitable for walk-in wardrobes and closets.

Soft closing | Top-Line | Side-Line | Sensor Lights | Low Maintenance

## Harrof Prime Edge 21

This is a growingly popular choice for our customers due to its smooth and seamless look. It is best suited in a modern and polished space, commonly used for wardrobes. These high-performance sliding systems come in different designs and can also be custom made according to your liking
